

# **CURRICULUM VITAE**

## **BARRY PHILIP ROSEN**

10 June 2021

### **EDUCATION**

- B.S.-Trinity College, Hartford, CT, 1965
- M.S.-University of Connecticut, 1968
- Ph.D.- University of Connecticut, 1969

### **PROFESSIONAL HISTORY**

- Distinguished University Professor, Department of Cellular Biology and Pharmacology, 2009-present, Florida International University Herbert Wertheim College of Medicine.
- Associate Dean for Basic Research and Graduate Programs, 2009-2016, Florida International University Herbert Wertheim College of Medicine.
- Distinguished Professor and Chairman, 1987-2009, Professor Emeritus, 2009-present, Department of Biochemistry and Molecular Biology, Wayne State University, School of Medicine
- Professor of Biochemistry, 1982-1987, Associate Professor of Biochemistry, 1975-1982, Assistant Professor of Biochemistry, 1972-1975, University of Maryland School of Medicine
- Visiting Professor, Department of Microbiology, Okayama University, Okayama, Japan, 3/80-6/80, 5/81-6/81
- Visiting Professor, Department of Physiology, Yale University Medical School, New Haven, Connecticut, 9/80-5/81
- Public Health Service NIH Fellow, Cornell University, Ithaca, NY (with Leon A. Heppel), 1969-1971

### **MEMBERSHIPS**

- American Society of Biological Chemists
- American Academy of Microbiology
- American Society for Microbiology
- American Association for the Advancement of Science
- Karmanos Comprehensive Cancer Center
- Wayne State University Academy of Scholars

### **REVIEW BOARDS**

- Journal of Bacteriology, 1978-1989
- Journal of Bioenergetics and Biomembranes, 1987-1992
- Microbiological Reviews, 1980-1982
- National Science Foundation, Metabolic Biology Panel, 1978-1981
- Member, Cell Transport and Metabolism Research Study Committee,
- National American Heart Association, 1988-1991

- Member, Microbial Physiology and Genetics Study Section, NIH, 1991-1995
- NIH Reviewers Reserve, 1995-2005
- Canadian Foundation for Innovation, 2000- 2005
- Journal of Biochemistry, 1995-2005
- Drug Resistance Updates, 1997-2002
- Biometals, 2000-205
- Journal of Biological Chemistry, 1995-2000, 2001-2006
- Cobra NIH External Advisory Committee, University of Kansas, 2003-present
- External program reviewer, Uniformed Services University of the Health Sciences (2006), Wright State University School of Medicine (2006), Ottawa Health Research Institute (2006), Temple University (2010).
- Ad hoc Member, Microscopic Imaging Study Section, NIH, 2005
- EPA Scientific Advisory Board Arsenic Review Panel, 2005-2006.
- Ad hoc Member, Macromolecular Structure and Function Study Section A, 2007.
- Ad hoc Member, NIEHS Outstanding New Environmental Scientist (ONES) Study Section, 2008.
- External Advisory Committee, NIEHS Advanced Research Cooperation in Environmental Health Research (ARCH), Florida International Univ., 2008-2009.
- Editorial Board of Metallobiology, Royal Society of Chemistry, London, 2012-2014
- External Reviewer, FDA proposed limit for inorganic arsenic in infant rice cereal, 2015
- Ad hoc Member, NIEHS Outstanding New Environmental Scientist (ONES) Study Section, 2016, 2017
- Ad hoc Member, NIH CounterACT Study Section, 2018
- Ad hoc Member, NIEHS XNDA Study Section, 2019

## NATIONAL OFFICES

- Vice Chairman, Physiology and Metabolism Section
- American Society for Microbiology, 1977-1978
- Chairman, Physiology and Metabolism Section
- American Society for Microbiology, 1978-1979
- Alternate Counselor, Physiology and Metabolism Section,
- American Society for Microbiology, 1986-88
- Counselor, Physiology and Metabolism Section,
- American Society for Microbiology, 1988-90
- International Organizing Committee, FEBS Advanced Lecture Course on Multidrug Resistance, 1997-2000
- Vice Chair, Bacterial Cell Surface Gordon Conference, 2002
- International Organizing Committee, 3<sup>rd</sup> International Conference of Comparative Physiology and Biochemistry in Africa, 2004
- Chair, Bacterial Cell Surface Gordon Conference, 2004
- International Organizing Committee, 12<sup>th</sup> International Conference on Biological Inorganic Chemistry (ICBIC), 2005

- Chair, Education Committee, American Association of Medical and Graduate Departments of Biochemistry, 2006-08
- President, American Association of Medical and Graduate Departments of Biochemistry, 2009

## **AWARDS AND HONORS**

- USPHS Postdoctoral Fellowship, 1969-1971
- Basil O'Connor Awardee, March of Dimes, 1974-1976
- Maryland Distinguished Young Scientist Award, 1979
- Josiah Macy, Jr. Faculty Scholar, 1980-1981
- Fellow, American Academy of Microbiology (ASM), 1980
- Gershenson Distinguished Faculty Fellow, Wayne State University, 1997
- Outstanding Graduate Mentor Award, Wayne State University, 1999
- Academy of Scholars, Wayne State University, 2000
- NIH MERIT Award, 2005
- Lawrence Weiner Award, Wayne State University Medical Alumni, 2007
- Wayne State University Distinguished Professorship, 2007
- Florida International University Distinguished Professorship, 2014
- Fellow, American Association for the Advancement of Science (AAAS), 2014
- Newly identified arsenic hypermethylating bacterium named *Arsenicibacter rosenii* in honor of Barry P. Rosen
- FIU Faculty Award for Excellence in Research and Creative Activities, 2017
- FIU Top Scholar Award 2020
- NIH MIRA Award, 2020

## **PATENTS**

- US patent 7,524,229. Transgenic *Saccharomyces cerevisiae* and method for bioremediation.
- US patent 9,976,169. Biosensors for organic and inorganic arsenic
- US patent 10,640,802. AfArsR gene and prokaryotic host cell
- US patent 10,934,318. Synthesis of the organoarsenical antibiotic arsinothricin and derivatives thereof.
- US patent pending, 2021 Arsinothricin and methods of treating infections using arsinothricin.

## **CURRENT RESEARCH SUPPORT**

- NIH MIRA R35 GM136211, *Mechanisms of arsenic biotransformations and transport*, Barry P. Rosen, PI, 7/1/20 - 6/31/25 \$2,655,070 total cost.

## **PUBLICATIONS**

1. **Rosen, B.P.**, Basic amino acid transport in *Escherichia coli*. J. Biol. Chem. **246**,3653-3662(1971).
2. **Rosen, B.P.** and Vasington, F.D., Purification and characterization of a histidine binding protein from *Salmonella typhimurium*. J. Biol. Chem. **246**,5351-5360(1971).

#### **INVITED PRESENTATIONS (2009-2021)**

1. ***Pathways of arsenic uptake and detoxification.*** Hong Kong University, 2/8-13/09.
2. ***Aquaglyceroporins: ancient channels for metalloids.*** Environmental Health Research Group and the Cancer Institute, Queens University, Kingston, ON, Canada, 4/2/09.
3. ***Biotransformation of arsenic by a Yellowstone thermoacidophilic eukaryotic alga,*** American Society for Microbiology Annual Meeting, Philadelphia, PA, 5/17-21/09.
4. ***Aquaglyceroporins: ancient channels for metalloids.*** 2nd Georgian Bay International Conference on Bioinorganic Chemistry (CanBIC-II), Parry Sound, Ontario, Canada, 5/26-29/09.
5. ***Biotransformation of arsenic by a Yellowstone thermoacidophilic eukaryotic alga,*** 10th International Conference on the Biogeochemistry of Trace Elements, Chihuahua, Mexico, 7/22-25/09.
6. ***Evolution of metal(lloid) binding sites in transcriptional regulators of resistance ATPases.*** Japan Biochemical Society Symposium on ATPases, Morioka, Japan, 7/ 25-30/09. Plenary Lecturer.

7. ***Structure of the ArsD arsenic chaperone.*** Session chair, International Congress of Bioinorganic Chemistry (ICBIC14), Nagoya, Japan, 7/25-30/09.
8. ***Evolution of metal(loid) binding sites in transcriptional repressors.*** Gordon Conference on Cell Biology of Metals, Salve Regina University, Newport, RI, 08/9-14/09.
9. ***Pathways of arsenic uptake and detoxification.*** Institute of Urban Environment, Chinese Academy of Sciences, Xiamen, China, 10/28/09.
10. ***Pathways of arsenic uptake and detoxification.*** Institute of Eco-Environmental Sciences, Chinese Academy of Sciences, Beijing, China, 10/30/09.
11. ***Structure and function of the ArsD As(III) metallochaperone.*** FASEB Conference on Transport ATPases, Snowmass, CO, 6/6 – 6/11/10.
12. ***Structure and function of the ArsD As(III) metallochaperone.*** FASEB Conference on Transport ATPases, Biometals 2010, Tuscon, AZ 7/25 – 7/30/10.
13. ***Pathways of arsenic uptake and detoxification.*** Department of Biological Sciences, Florida International University, 9/27/10.
14. ***ArsD: an arsenic chaperone for the As(III)-translocating ArsAB ATPase.*** Department of Medical Technology, Chung Shan Medical University, Taichung, Taiwan, 10/29/10.
15. ***ArsD: an arsenic chaperone for the As(III)-translocating ArsAB ATPase..*** Department of Biology, National Sun-Yat Sen University, Kaohsiung, Taiwan, 11/01/10.
16. ***Structure and function of the ArsD As(III) metallochaperone.*** AsBIC V, Kaohsiung, Taiwan, 11/3 – 11/10/10.
17. ***ArsD: an arsenic chaperone for the As(III)-translocating ArsAB ATPase.*** Taiwan Medical University, 11/05/10.
18. ***Biochemistry of arsenic metabolism.*** Research Center for Eco-Environmental Sciences, Chinese Academy of Sciences, Beijing, 4/2/11.
19. ***Parallel pathways of arsenic detoxification.*** Institute of Urban Environment, Chinese Academy of Sciences, Xiamen, 4/7/11.
20. ***The arsenic biogeo cycle: microbial pathways of metalloid transport, metabolism and detoxification.*** 11th International Conference on the Biogeochemistry of Trace Elements, Florence, Italy, 7/3 -7/11. Plenary Lecturer.
21. ***Structure and function of the As(III) S-adenosylmethionine methyltransferase.*** 3rd Georgian Bay International Conference on Bioinorganic Chemistry (CanBIC-II), Parry Sound, Ontario, Canada, 5/31-6/04/11.
22. ***Pathways of antimony uptake, efflux and detoxification.*** Society for Industrial Microbiology Annual Meeting, New Orleans, 7/24/28/11.
23. ***The arsenic biogeo cycle: microbial pathways of metalloid transport, metabolism and detoxification.*** Institut für Mikrobiologie, Martin Luther University, Halle, Germany, 8/19/11.
24. ***Biochemistry of antimony detoxification.*** 2nd International Workshop on Antimony in the Environment, Jena, Germany, 8/21-24/11, Keynote speaker.
25. ***The arsenic biogeo cycle: pathways of metalloid transport, metabolism and detoxification.*** 17th Arsenic Symposium of Japan. Tsukuba, Japan, 11/19-21/11. Plenary Lecturer.

26. ***The arsenic methylation pathway.*** 95<sup>th</sup> Canadian Chemistry Conference and Exhibition, Calgary, Canada, 5/26-30/12.
27. ***The arsenic methylation pathway.*** 8th International Biometals Symposium, Brussels, Belgium in 7/15-19/12.
28. ***The arsenic methylation pathway.*** 4th International Congress on Arsenic in the Environment, *Understanding the Geological-Medical Interface of Arsenic*, Cairns, Australia, 7/22-27/12. Keynote Speaker.
29. ***The arsenic methylation pathway.*** Institute of Urban Environment, Chinese Academy of Sciences, Xiamen, China, 08/07/12.
30. ***The arsenic biogeo cycle: microbial pathways of metalloid transport, metabolism and detoxification.*** Taiwan Medical University, 08/013/12.
31. ***The arsenic biogeo cycle: microbial pathways of metalloid transport, metabolism and detoxification.*** Chang Gung Medical University, 08/014/12.
32. ***The arsenic methylation pathway.*** 6th Asian Biological Inorganic Chemistry Conference (AsBIC-VI), Hong Kong, 11/5-8/12.
33. ***The arsenic methylation pathway.*** 9th International Symposium on Persistent Toxic Substances (9th ISPTS), Miami, FL, 10/23-27/12.
34. ***The arsenic methylation pathway.*** Metals Symposium, Duquesne University, Pittsburgh, PA, 12/7/12.
35. ***The arsenic biogeo cycle.*** 12th International Conference on the Biogeochemistry of Trace Elements (ICOBTE). Athens, GA, 6/16-20/13.
36. ***Biochemistry and structural biology of arsenic biotransformations.*** Department of Microbiology, University of Georgia, 6/17/13.
37. ***Biochemistry and structural biology of arsenic biotransformations.*** Department of Environmental Microbiology and Biotechnology, University of Copenhagen, Denmark, 7/19/13.
38. ***Biochemistry and structural biology of arsenic biotransformations.*** 16<sup>th</sup> International Congress of Bioinorganic Chemistry (ICBIC16), Grenoble, France, 7/22-26/13.
39. ***The arsenic biogeo cycle.*** 10<sup>th</sup> International Symposium on Persistent Toxic Substances (ISPTS), University of Alberta, Edmonton, Alberta, Canada, 8/13-17/13. Keynote speaker.
40. ***The arsenic biogeo cycle.*** 12th International Federação das Sociedades de Biologia Experimental, Caxambu, Brazil, 8/21-24/13.
41. ***The arsenic biogeo cycle.*** Departamento de Fisiologia e Biofísica, Instituto de Ciências Biológicas, Universidade Federal de Minas Gerais, Belo Horizonte, MG, Brazil, 8/15/13.
42. ***The arsenic biogeo cycle.*** 21st International Symposium on Environmental Biogeochemistry (ISEB21), Wuhan, China, 10/13-18/13. Keynote speaker.
43. ***The arsenic biogeo cycle.*** Institute of Urban Environment, Chinese Academy of Sciences, Xiamen, China, 10/18/13.
44. ***The arsenic biogeo cycle.*** Chung Shan Medical University, Taichung, Taiwan, 10/21/13.
45. ***The arsenic biogeo cycle.*** Taiwan Medical University, Taipei, Taiwan, 10/22/13.
46. ***Molecular mechanisms of arsenic biotransformations,*** Department of Biochemistry, University of Miami Miller School of Medicine, 2/21/14.

47. ***Molecular mechanisms of arsenic biotransformations***, Arsenic workshop, NIEHS, 3/4/14.
48. ***The arsenic biogeocycle***. 5th International Congress on Arsenic in the Environment, Buenos Aries, Argentina, 5/12/14.
49. ***Arsenic and antibiotics***. 4th International Meeting on Pharmacy and Pharmaceutical Sciences, Istanbul, Turkey, 9/18-21/14,
50. ***Molecular mechanisms of arsenic biotransformations***, Department of Biology, Oakland University, Rochester, MI 10/7/14.
51. ***My life with arsenic***. Barry Rosen, Guest of Honor, 70<sup>th</sup> Birthday symposium, Institute of Urban Environment, Chinese Academy of Sciences, Xiamen, China, 12/3/14.
52. ***Pathways of organoarsenic biosynthesis and detoxification***. 13th International Conference on the Biogeochemistry of Trace Elements (ICOBTE). Fukoaka, Japan, 7/12-18/15.
53. ***Pathways of organoarsenic biosynthesis and detoxification***. 1st Annual Meeting of the Argentine Society for Biochemistry and Molecular Biology. Mar del Plata, Argentina, 11/3-8/15.
54. ***Pathways of organoarsenic biosynthesis and detoxification***. Department of Biochemistry, Dartmouth University, 5/7/16.
55. ***The mechanism of human arsenic methylation***. 6th International Congress on Arsenic in the Environment, Stockholm, Sweden, 6/19-23/16. Keynote lecturer.
56. ***Pathways of organoarsenic biosynthesis and detoxification***. Institute of Urban Environment, Chinese Academy of Sciences, Xiamen, China, 09/13/16.
57. ***Pathways of organoarsenic biosynthesis and detoxification***. Fujian Agriculture and Forestry University, Fuzhou, China, 09/16/16.
58. ***Pathways of organoarsenic biosynthesis and detoxification***. Nanjing Agricultural University, Nanjing, China, 09/20/16.
59. ***The mechanism of human arsenic methylation***. Department of Biochemistry, University of Miami, 9/23/16.
60. ***The mechanism of human arsenic methylation***. 9<sup>th</sup> Metal Toxicity and Carcinogenesis Meeting. Lexington, KY, 10/16/16. Keynote lecturer.
61. ***Arsenic biotransformations and new arsenic antibiotics***. Department of Pharmaceutical Sciences, Wayne State University School of Pharmacy, 01/11/17.
62. ***Arsenic biotransformations and new arsenic antibiotics***. Department of Biology, Oakland University State University School of Pharmacy, 01/11/17.
63. ***Molecular mechanism of human arsenic methylation***. Taipei Medical University, Taipei, Taiwan. 6/25/18.
64. ***Molecular mechanism of human arsenic methylation***. Yuanpei University of Medical Technology, Taipei, Taiwan. 6/27/18.
65. ***Mechanism of As(III) S-adenosylmethionine methyltransferase and the consequences of human polymorphisms***. Chung Shan Medical University, Taichung, Taiwan, 6/28/18.
66. ***Mechanism of As(III) S-adenosylmethionine methyltransferase and the consequences of human polymorphisms***. National Sun Yat-Sen University, Kaohsuing, Taiwan, 6/29/18.

67. ***Mechanism of As(III) S-adenosylmethionine methyltransferase and the consequences of human polymorphisms.*** 7th International Congress on Arsenic in the Environment, Beijing, China, 7/1-6/18. Plenary lecturer.
68. ***Molecular mechanism of human arsenic methylation.*** Research Center for Eco-Environmental Sciences (RCEES), Chinese Academy of Sciences. 7/3/18.
69. ***Mechanism of As(III) S-adenosylmethionine methyltransferase and the consequences of human polymorphisms.*** Institute of Botany, Chinese Academy of Sciences, Beijing, China, 7/5/18.
70. ***Mechanism of As(III) S-adenosylmethionine methyltransferase and the consequences of human polymorphisms.*** NIEHS International Workshop of Arsenic and the Microbiome, Bozeman, MT, 7/17-21/18.
71. ***Arsl, a C-As lyase for degradation of environmental organoarsenicals.*** 256<sup>th</sup> American Chemical Society (ACS) National Meeting, Boston, MA, 8/19-23/18. (Symposium organizer)
72. ***Novel biosensor for organoarsenical herbicides and antimicrobial growth promoters.*** 256<sup>th</sup> American Chemical Society (ACS) National Meeting, Boston, MA, 8/19-23/18.
73. ***The antibiotic action of methylarsenite is an emergent property of microbial communities.*** Department of Biology/Microbiology, South Dakota State University, 3/30/19.
74. ***Arsenic antibiotics: old and new.*** 15<sup>th</sup> International Conference on the Biogeochemistry of Trace Elements (ICBOTE), Nanjing, China, 5/5-9/19. (Keynote Speaker).
75. ***Arsenic antibiotics: old and new.*** Department of Environmental Medicine, NYU Langone Health, NYU School of Medicine, 10/11/19.
76. ***Arsenic antibiotics: old and new.*** Department of Biochemistry and Molecular Biology, Uniformed Services University of the Health Sciences, the F. Edward Hébert School of Medicine, 12/2/19.
77. ***Arsenic antibiotics: old and new.*** Department of Environmental Health Sciences, Columbia University Superfund Research Program, Mailman School of Public Health, Columbia University, 12/9/19.
78. ***Arsinothricin, an arsenic-containing non-proteinogenic amino acid analog of glutamate, is a broad-spectrum antibiotic.*** 8th International Congress & Exhibition on Arsenic in the Environment (As2020), Wageningen, The Netherlands, 6/15-18/20. (Keynote Speaker) (postponed until 2021 due to pandemic).

## UNIVERSITY SERVICE

### ***At University of Maryland:***

- Chairman, Graduate School Committee on New Programs and Courses
- Chairman, School of Medicine Biostatistics Review Committee
- Chairman, University-Wide Biochemistry Coordinating Committee
- Chairman, Life & health insurance Award Selection Committee
- Genetics/Immunology/Microbiology Study Panel
- Departmental Review Committee, Department of Microbiology

- Elected Member, Graduate Council
- Elected Member, Faculty Senate
- Alternate Member, School of Medicine Council
- Task Force for Funding Medical Curriculum Change
- Search Committees:
  - Grollman Chair of Molecular Biology
  - Baltimore Cancer Center, Molecular Biology Faculty
- Department of Biological Chemistry, Molecular Biology Faculty
- Departmental Committees
  - Chairman, Graduate Program Committee
  - Promotions and Tenure Committee
  - Budget Committee

***At Wayne State University:***

- Chairman, Basic Science Chairmen Group, 1989-90
- Medical Student Promotions Review Committee, 1987-89, 93-94
- Review Committee, ACS Institutional Grants, 1989, 1990
- Department of Psychiatry Internal Review Committee, 1990
- Steering Committee, Program in Molecular Oncology, 1990-1991
- Review Committee, Molecular Oncology Seed Grants, 1990-1991
- Cancer Institute Program Advisory Committee, 1990-1991
- Dean's Committee, Veterans Affairs Medical Center, 1990-1994
- Liaison Committee on Medical Education Review Committee, 1991
- Internal Review Committee, Department of Surgery, 1992
- Internal Review Committee, Department of Internal Medicine, 1992
- Chairman, Internal Review Committee, Department of Biology, 1992
- Research Committee, Department of Internal Medicine, 1992-1994
- AIDS Research Advisory Committee, School of Medicine, 1992-1994
- Strategic Planning Committee, School of Medicine, 1994
- Department of Physiology, Review Advisory Panel, 1994
- Department of Neurology, Review Advisory Panel, 1996
- Department of Surgery, Review Advisory Panel, 1998
- Research Committee, Veterans Affairs Medical Center, 1997-1999
- WSU Distinguished Faculty Fellowship Committee, 1998
- Department of Pediatrics, Review Advisory Panel, 1998
- Library Committee, WSU Sch.Medicine Faculty Senate, 1999-present.
- Advisory Committee, WSU Institute for Drug Design, 2000-2003.
- Research Advisory Committee, WSU School of Medicine, 2000-present.
- Chairman, Basic Science Chairmen Group, 2002-2003.
- Wayne State Representative to China-United States Biochemistry Admissions (CUSBA) Program, Beijing, China, 2004.
- Advisory Board, Center for Molecular Medicine and Genetics, 2004- present.
- Board Member, University Physician Group, 2007
- Vice President, Wayne State University Academy of Scholars, 2007

- Chairman, Basic Science Chairs Group, 2007-08
- President, Wayne State University Academy of Scholars, 2008-09

***At Florida International University:***

- Search Committee, Department of Chemistry and Biochemistry, 2010
- Sabbatical Committee, 2010, 2011
- University Strategic Planning Committee, 2010
- University Research Advisory Council, 2010 –
- Faculty Search Committee, HWCOM 2010 -
- Biochemistry Graduate Program Advisory Committee, 2010 -
- Search Committee, Graduate School Dean, 2011
- Search Committee, Director, Environmental Health and Safety, 2011
- University Graduate School Advisory Committee, 2011 – 2016
- Chair, Search Committee, Chair of Human and Molecular Genetics, 2013
- Associate Dean for Basic Research and Graduate Programs, 2009-2016
- APT Subcommittee for Promotions and Tenure, 2017-
- Dean's Research Task Force, HWCOM 2020-
