

## **Policy on Provision of Health Services to Medical Students**

It is imperative that the health professionals who provide health services, including psychiatric/psychological counseling, to a medical student have no involvement in the academic assessment or promotion of the medical student receiving those services. . Health care professionals who provide psychiatric/psychological counseling or other sensitive health care services (e.g., treatment for sexually transmitted diseases, substance abuse, rape) to medical students shall not be involved in the evaluation or promotion of those students.
