Faculty Tools

Faculty are the most important resource of our college. HWCOC is committed to supporting the excellence, resilience and vitality of our faculty throughout their years of service and engagement.

HWCOC recognizes that faculty fulfill a variety of roles within the college, and that these roles vary over time. We have designed this page to serve as a portal to help faculty efficiently locate the necessary information and supporting resources to fulfill those roles: the clinician working within FIU Health; the biomedical, clinical or educational researcher; the educator/teacher working with trainees in the classroom and/or the clinic; and the leader/administrator who supervises, serves on committees, and oversees offices or programs.

Professional Development

According to [AAMC's webpage on professional development](#), "Medicine is a field where its professionals especially must change with the times throughout a career. However, evolving in your role as a physician — or, professional development — ideally involves taking this growth and development to the next level."

FIU HWCoom provides resources for faculty in their many roles as a medical education that extend beyond teaching.

Knowing Your Rank, Track and Criteria

Get out that offer letter!

The Simple Part: Your Rank

Tenure Track

Basic science researchers and clinicians with a substantial record of scholarly productivity and funding

Policies and procedures mirror FIU, where the vast majority of faculty are tenure-track

Requires continued significant contributions and external funding

Requires that you are promoted on a specific timeline to keep your position

Non-Tenure Track

The majority of HWCOM faculty, deans and administrators

Policies and procedures mirror FIU, though several specific to HWCOM

Requires continued progress in your track – through scholarship, service and education

Do you know which track you're on?

Is it the most appropriate one for you?

Non-Tenure Tracks

- Clinical Scholar
- Educational Scholar
- Research Scientist
- Medical Librarian

Ranks

- Instructor
- Assistant Professor
- Associate Professor
- Professor

What's your **passion**?
How does it align with
HWCOM missions?

How does it align with
HWCOM missions?

The diagram features a central white thought bubble with a blue outline. Two blue lines extend from the right side of the bubble, each connecting to a circle. The top circle is red and contains the text 'Recognition of a Significant and Valued Career'. The bottom circle is grey and contains the text 'Institution: Achievement of Missions'. There are also two small white circles to the left of the main thought bubble.

Keeping Up Your CV, Collecting “Evidence” and Panther180

Everyone's got to do it!

Is the faculty member keeping up their CV in FIU format and collecting evidence?

FIU CV
Format

A screenshot of the FIU Herbert Wertheim College of Medicine website. The header includes the FIU logo and the college name, with a navigation menu: Home, About, Academics, Research, Resources, Patient Care, Giving. The main content area is titled "Tenure and Non-Tenure Promotion" and includes a section for "HWCOC Promotion Policy" and "Non-Tenure-Track Faculty". A blue arrow points from the "FIU CV Format" text to the "Important Forms and Guidelines for Non-Tenure-Track Faculty" section.

Tenure and Non-Tenure Promotion

HWCOC Promotion Policy

Full time, part time, and voluntary faculty are eligible for promotion as recommended by their department consistent with HWCOC Faculty Bylaws under Part VII: Promotion and Tenure. In order to be prepared for promotion, faculty are encouraged to keep their Curriculum Vitae up-to-date in order to document their scholarly productivity, educational activities, and professional development. FIU has provided an on-line database, [Panther180](#), which is available to assist.

- Full version of [HWCOC Promotion Policy](#)

Non-Tenure-Track Faculty

Non-tenure-track faculty make valuable contributions to the missions of FIU and Herbert Wertheim College of Medicine (HWCOC), and their talents and professional accomplishments complement those of tenure-track faculty. Offering a promotion track for non-tenure-track faculty aims to build a stronger university by recognizing the outstanding teaching records of these faculty and their contributions to FIU.

Important Forms and Guidelines for Non-Tenure-Track Faculty

These forms and guidelines provide important information regarding the non-tenure-track promotion process and application procedures.

Panther 180

Panther180 provides a central location for the faculty to record their achievements and eliminate data redundancy. With this electronic management, internal support units obtain needed information to promote the work and scholarship of our faculty. The system is used to record and publicize faculty achievements as well as serve as the centralized system for faculty assignments and evaluations, Tenure & Promotion, Non-Tenure Track Promotion, Third Year Review, Sabbaticals and Professional Development Leave applications.

All faculty in the College of Medicine are encouraged to use Panther180. Below you will find FAQs on Panther180 for COM faculty and departments. There is also a Panther180 Manual with step by step directions. We will continue to provide information at COM Faculty Assembly meetings and at COM Panther180 workshops.

Panther180

Academic Affairs is pleased to announce the launch of Panther180, a comprehensive systems solution to record and publicize faculty achievements. Panther180 will provide a central location for the faculty to record their achievements and eliminate data redundancy. With this electronic management, internal support units will obtain needed information to promote the work and scholarship of our faculty. As FIU continues to grow and be Worlds Ahead, Panther180 is new web based for faculty activity reporting system that was launched on February 8, 2016. The system will be used to record and publicize faculty achievements as well as serve as the centralized system for faculty assignments and evaluations, Tenure & Promotion, Non-Tenure Track Promotion, Third Year Review, Sabbaticals and Professional Development Leave applications.

What do you mean by “evidence?”

- First page of publications (while at FIU)
- Administrative reviews and first pages of syllabi from courses you directed
- Student ratings of teaching (from course reviews)
- Peer/expert evaluations of teaching
- Evidence of student learning!

What do you mean by “evidence?”...

- Usage reports from MedEd Portal
- Participant ratings of presentations/workshops (FIU and other institutions)
- Emails/letters: awards, thanks for serving as reviewer; thanks from students/patients/community members
- Testimonials from students, colleagues, staff on the impact and quality of your work and your contributions to FIUHWCOM
- Peer Evaluation (Letters: FIU and/or HWCOM deans, administrators, leaders)

Keeping Up With Annual Reviews

A must for getting what you need and required for promotion!
